## IN THE RUSH TO CAPITALIZE ON THE BENEFITS OF MIGRATING TO THE CLOUD,

ONE OF THE MOST OVERLOOKED CONSIDERATIONS IS CLOUD READINESS.

# FULLY UNDERSTAND YOUR CURRENT STATE OF CLOUD READINESS THROUGH AN IN DEPTH REVIEW OF YOUR COMPUTING ENVIRONMENT.

The financial and operational efficiencies gained by moving to the cloud can be can hugely beneficial, but moving hastily without knowing the full costs or even if your current environment and applications will perform properly in the cloud is risky. Our cloud readiness assessment evaluates your current computing infrastructure and provides you with a plan to move forward effectively. Whether you're not sure where to start or you want to be sure your applications will work in the cloud, we'll help you determine if it's the right time to move and the right way to do it.

a GLI company

### MAKE THE RIGHT MOVE

### **BEFORE YOU MOVE.**

- Get the insights needed to know where to start.
- Understand how your current environment will operate in the cloud before you move.
- Validate that your current applications will work properly.
- Understand the estimated licensing costs upfront.
- Optimize your future investment in the cloud.
- Transition without disrupting operations.
- · Ensure your migration is successful.

### THE BEST SOLUTION IS A **BULLETPROOF** SOLUTION.
